

Next year is once again the BBY2K15 (BalikButuan 2015), the once-every-five-year event where Butuanons from all over the world go home to celebrate the City Fiesta, High School Homecomings, to a series of reunions with family, barkadas, friends & classmates; culminating in a Grand Gala Night, giving recognition to Outstanding Butuanons who have made exemplary achievements and performance over the last few years.

This year, a community of individuals with varied fields of expertise and experiences from all over the world, bounded together for the same purpose – to assist, contribute and share their knowledge for the betterment of life in Butuan City, has again activated the movement called “BBY2K15 Organization” (BBY). It believes in the principle that all of us belong to ONE HISTORY, ONE PEOPLE, AND ONE GLOBAL SOCIETY OF BUTUANONS...BBY is an independent entity powered by all Butuanons living outside Butuan. It transcends differences among organizations or individuals and under no circumstance shall directly in its official capacity engage in any local or national politics.

To memorialize this occasion, BBY will be making a Souvenir Journal and will be soliciting funds in support of the various projects benefiting our beloved City of Butuan.

As kabayans, relatives, friends and supporters of Butuanon causes, we would like to extend our sincere invitation for your support and presence. We hope that each of us will see the wisdom and importance of maintaining and fostering this movement by becoming a participant of this gathering and/or become a sponsor of this Souvenir Journal.
